

## **REMARKS**

Claims 25-56 and 58 are now pending in the application, and are subject to an obviousness-type double patenting rejection over the claims in U.S. Patent No. 6,755,816. Patent 6,755,816 and the present application are both divisional applications of 09,678,640 (now 6,702,804), and are commonly assigned. The Applicant has respectfully submitted a Terminal Disclaimer in compliance with 37 CFR 1.321(c), along with the terminal disclaimer fee, such that any patent granted on this application shall be enforceable only for and during the period of Patent 6,755,816.

## **SPECIFICATION**

Applicants have amended the specification to include a preface paragraph identifying the application as a continuation application.

## **CONCLUSION**

The Applicant submits that the terminal disclaimer has placed the application in a condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (314) 726-7500.

Respectfully submitted,

Dated: 7-19-2006
